### Information and Notes Pages

### “Lingraphica Technologies for Your Plan of Care”

LingraphiCARE America is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for 0.1 ASHA CEUs (Intermediate level; Professional area).

# Complete a 0.1 ASHA CEU Course

Speech-language pathologists (SLPs) are invited to participate in a one-hour ASHA-approved course offering, "Lingraphica Technologies for Your Plan of Care." To be eligible to receive 0.1 ASHA CEUs (Intermediate level), please see the guidelines below.

For more information about ASHA's most up-to-date eligibility criteria, go to the FAQ section of the ASHA CE website: <http://www.asha.org/CE/FAQs/>.

## Course Description:

This course provided an overview of advanced technologies to support reducing impairments, compensating for impairments and training caregivers. It introduced SLPs to four different Lingraphica technology tools; TalkPath Therapy, TalkPath News, Quick Assess, and Lingraphica AAC devices, and provided information on enrolling in the Lingraphica Certification Program for additional, in-depth information on the implementation of each of these four tools.

## Learning Outcomes:

By completing this course, participants will be able to:

1. Demonstrate application of technology tools for reducing impairment, compensating for impairment, and training purposes.
2. Describe "patient usability" when selecting technological tools for patient-clients.
3. Describe four technologically advanced tools for patient-clients.

## Additional courses in the Applications of Technology track include:

- Using the Lingraphica Speech Generating Device: An Introductory Web Demo (Introductory, 0.05 ASHA CEUs)
- Using Lingraphica AAC Devices, Apps, and Therapy (Introductory, 0.1 ASHA CEUs)
- Ethical Considerations for Bilingual AAC Patients with Aphasia (Introductory, 0.1 ASHA CEUs)
- Leveraging the 10 Principles of Neuroplasticity in AAC Device Training (Introductory, 0.05 ASHA CEUs)

## Processing:

Online course completions are reported to ASHA quarterly. Please allow eight to ten weeks for processing. Lingraphica will issue a certificate of participation to each SLP who completes a CEU course.
