

# The Lingraphica Certification Program

## 4 STAGES OF THE LINGGRAPHICA CERTIFICATION PROGRAM:

View the 1-hour course “Lingraphica Technologies for Your Plan of Care,” which introduces the technologies you will be learning.

1

Complete the 2-hour training course, using the Lingraphica AAC device and a fully-loaded iPad® we’ll send you for your use in the program.

2

Apply what you’re learning through two self-study courses – one AAC device course and one TalkPath Therapy course – during your regular client sessions.

3

Maintain your certification through regular participation in Lingraphica activities that are specifically designed for our Certified SLPs.

4

The Lingraphica Certification Program trains SLPs to use Lingraphica technologies and enables them to work collaboratively with us to optimize outcomes for people with aphasia and other communication disorders.

Adapting to and keeping up with the latest technology can be a challenge. That’s why we created this program—so you can remain focused on your clients, while we make understanding the technology easy!

The program includes an iPad® and a Lingraphica AAC speech-generating device, recorded training presentations, self-study courses, clinical sessions with other participating SLPs, and ongoing guidance and clinical support from Lingraphica.

You can earn up to 3.4 ASHA CEUs, and there is no cost to enroll.

Call 877-969-2420 or visit [aphasia.com/lcp](http://aphasia.com/lcp) to enroll or find out more about the Lingraphica Certification Program today!

# The Lingraphica Certification Program

**AAC Devices** – Learn all about Lingraphica’s AAC devices: the AllTalk™, TouchTalk™, and MiniTalk™. Become confident introducing AAC to your clients who may benefit from an AAC device.

**TalkPath™ Therapy** – Plan, deliver, and monitor high-quality speech and language therapy for your clients. Build custom therapy programs, monitor client performance with robust reporting options, and adjust the treatment plan as needed.

**TalkPath™ News** – Introduce your clients to an aphasia-friendly online news source. Explore the headlines and current events, and reduce isolation by learning how to combine TalkPath News with social media.

**QuickAssess Device Evaluation Tool** – Quickly determine if a Lingraphica AAC device is a good fit for your client with help from QuickAssess, Lingraphica’s Device Assessment Tool.

## PROGRAM PERKS

- Gain confidence in your ability to introduce AAC and high-tech solutions to your clients.
- Keep the iPad® and Lingraphica AAC device for use in your clinical practice, as long as you stay actively enrolled in the program.
- Earn up to 3.4 ASHA CEUs.
- There is no cost to participate!
